

### **Free POS Script**

Hello, Is the owner available?

*(Speaking with the owner)* Hi, *(use the owners name)*, this is, *(your name)*, and I'm calling you because for a limited time only we are giving away a point of sale system that includes an iPad, swivel stand case, card reader, cash drawer & printer with no transactions fees, next day funding, and a flat rate of just 1.69% on all cards including American Express!

If you qualify, I was hoping to get your e-mail address today so I could send you a link where you can set up a 45 day trial of the system. If you like it, Keep it, If not, we'll have it picked up. Does that sound fair?

Great, You just need to be accepting \$10k in cards monthly to qualify!

What is your E-mail address?

Great, I'll have the application sent out to you shortly. Once you've completed it your new system will arrive within 3-5 days and we'll call you to schedule installations and training. I'll also need you to send me a recent statement showing that you are accepting at least \$10k in credit/debit cards monthly.

**Send the App Link and call them to make sure they received it and offer assistance with the completion.**
