

As part of our COVID response we are rolling out products and features to assist our Clients and Sales Partners through these difficult times with a focus on future use as well. So you will see some innovative products released in the coming days to assist various verticals with the "here and now" as well as the future of payments as the effects of this pandemic alter the landscape of our industry.

The first of which is the Online Ordering and Curbside Pick-up product. Here are the key features of this service:

- Primarily designed for Restaurants but can certainly be utilized for Retail as well.
- We will load the menu / items to a site we build for the merchant so when their business is searched this site will be found for online ordering and pick-up.
- We also provide flyers branded with their logo and a direct link to their new site that they can give out with current orders so customers can order quickly and securely going forward.
- Less phone calls - more orders!
- Once an order is placed and paid for the merchant is notified on any mobile device. They can use a Phone, Tablet, or POS in the store and it can be sent to multiple devices. They accept the order and make it. The customer is given an avg. wait time that the merchant can preset or add upon accepting the order.
- When the customer arrives they can click "I'm here" on their mobile device. Preset parameters can be required like Vehicle type, color, parking space#, etc all customizable by the merchant.
- Meal is delivered to the car with minimal physical interaction.
- Can be set up for delivery svc. as well
- Can be live in under 72 hours!
- Can be used in tandem and integrated with the POS System.
- Special Pricing: \$199 down, \$0.99 per month + \$0.40 per transaction (MIN \$119 monthly)= much less than grubhub or other services. FIRST TWO MONTHS FREE!! Normally this svc is \$500 to Setup and \$199 monthly so this is a great deal!

Have client interested? You can select "Yes" from the drop-down menu in the application located on ReversePOS.com -or- they can apply for this product independently at: <https://reversepos.formstack.com/forms/customappbuilder>

Once they apply we will reach out to Demo the svc and get them signed up. You'll get an extra \$50 for each of these that sign up PLUS its a great lead-in to get the full POS!

Any questions please let us know.

Thank you!

Ramp Up To-go Operations with **Curbside Pickup Services** to Stay Afloat During COVID-19 Pandemic

With the current situation adversely impacting majority of restaurants, **we are working to help restaurants fight in an effort to stay afloat.** Our online ordering solution for restaurants is allowing them to quickly rollout to-go, delivery and curbside pickup services.

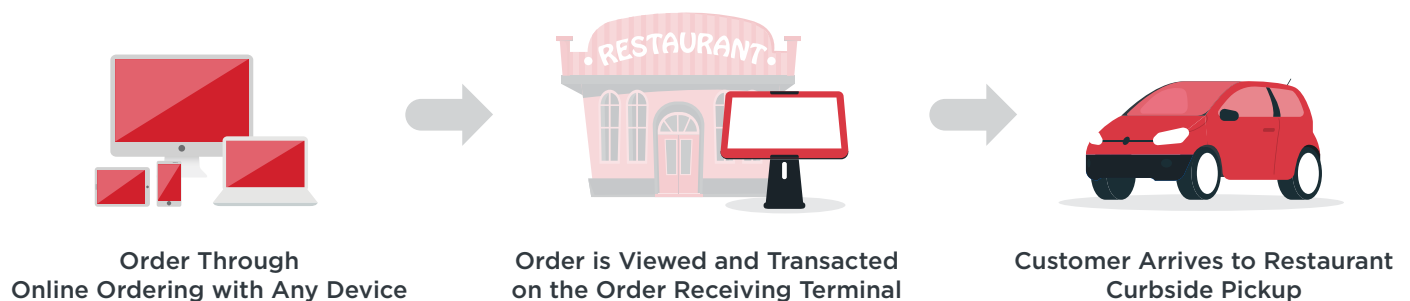

Why Restaurants Should Offer Online Ordering to Customers

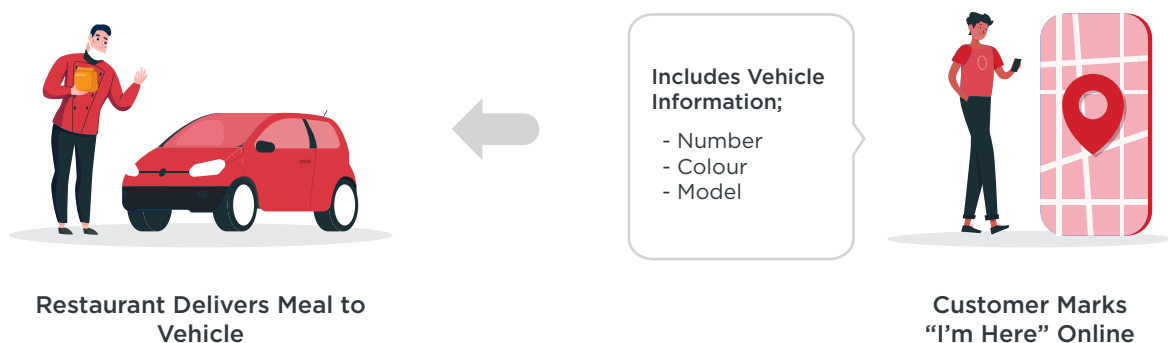

- ▶ No wait-lines
- ▶ Reduced human interaction during this outbreak
- ▶ New channel to access new customers
- ▶ Safe way to engage with customers during COVID pandemics
- ▶ Simple pick-up and drive off
- ▶ Increases profits

Top Feature Highlights

- ▶ Fully functional ordering website
- ▶ Seamless curbside pickup services
- ▶ Accessible through any device (Mobile, tablet, etc)
- ▶ Flexibility to update menu or product list
- ▶ Discount / offer promo codes to drive sales
- ▶ Orders are immediately notified on the order receiving terminal
- ▶ Easy and secure self-payment

How Curbside Pickup Would Work
